- Marathi

SKILLS SUMMARY

- Front-End
- Back-End
- Database
- Live Project

PROJECT

1. Online Hotel Room Booking System:

I made this project with the intention that you can book Hotel Rooms.

Role : Back End Developer

Description : Designed and developed an online hotel Rooms booking platform, facilitating seamless Hotel Room Book, payment processing, and Customer Services .I have Used **Django Framework** and technologies such as HTML5, CSS3 & BOOTSTRAP 5.

2. Modern Furniture E-commerce Platform:

I did this project for self study and how Ecommerce Furniture Project works.

Role: Full-Stack Developer

Description : Designed and developed a dynamic e-commerce platform for furniture retail. The system features a user-friendly interface that allows customers to browse, search, and purchase furniture online. Integrated a secure shopping cart, payment gateway, and product review functionality.

I have Used **Django** Framework and technologies such as HTML5, CSS3 & BOOTSTRAP 5
